Subject: Letter of Support

Dear President, Dear Board of Directors,

The International Teqball Federation (FITEQ) Executive Board is delighted to nominate FITEQ Head of CSR and Diplomatic Relations Mr Gergely Murányi for a TAFISA Board Member position.

Mr Murányi has been the driving force of FITEQ's sport for all activities for the past five years, leading successful programmes and campaigns in all five continents.

Mr Murányi's impact on the collective effort of the global teqball family to contribute to a better and brighter world is highly commendable. From the outset the teqball journey, the FITEQ Executive looked to inspire hope through sport in disadvantaged communities, and sought to instil an environmentally conscious culture in all of our day-to-day operations. The leading role Mr Murányi has played in this regard will enable him to bring great value to the TAFISA Board.

Mr Murányi has enabled FITEQ to develop strong and meaningful relationships with established international agencies and organisations. These partnerships are key to our development as a federation, with the experience and expertise of our partners helping guide our own initiatives. Mr Murányi has been at the heart of our relationship with TAFISA, which has had an immeasurable impact on our sport. The projects that he has led recently led to FITEQ being recognised with TAFISA's ISO of the Month award. Additionally, he has developed strong relationships with the UNFCCC, of which FITEQ is a signatory, and led our support for the Race to Zero campaign.

There are a number of international projects that Mr Murányi has created and implemented with great success. Firstly he launched the Table of Peace programme in 2021, which sees Teq tables donated and legacy programmes developed in UNHCR refugee camps. This programme initiated in Djibouti and will be rolled out globally this year. Additionally, he has been at the heart of our ambition to be an inclusive sport, particularly through our gender equality targeted initiatives and the launch of para teqball.

Mr Murányi is a leader in the area of sport for all and his impact in the global teqball community has and will continue to leave a long-term legacy. Mr Murányi has the full endorsement of the FITEQ Executive Board and we firmly believe his experience and expertise can help TAFISA members achieve their sport for all ambitions.

Yours sincerely,

Gabor Borsanyi
President
FITEQ
