Dear TAFISA

I write to provide a recommendation and support for Professor Keith George's application to be a Board Member of TAFISA (supporter category).

LJMU is a member of TAFISA and takes its commitment to Sport for All and physical activity opportunity very seriously. LJMU has a long-term Memorandum of Understanding with TAFISA to support the Global Active Cities project as well as a range of work programmes contributing to TAFISA's mission 2030. Professor George is a key component of our commitment to physical activity and sport for all advocacy. Professor George's combination of long-term teaching experience and research excellence in relation to sport and physical activity in promoting health, provides the basis for his input to the growth and development of TAFISA's ambitions and plans.

Yours sincerely

Mark Power
Vice-Chancellor and Chief Executive
