Subject: ELECTIONS FOR 2021-2025 TAFISA BOARD OF DIRECTORS

Dear Sir or Madam,

In the name of IDO, I am writing nominating Fiona Johnson to the TAFISA Board of Directors, at the forthcoming elections to be held this year at TAFISA's General Assembly.

During her professional career she has had a measurable impact in the world of sport as a passionate advocate for the importance of Dance Sport both in her country Slovenia, and internationally through various sports organizations.

I recognise her determination in providing a service to the sports community. She has always strived to make dance and sport a better place, even during Covid when morale was at an all-time low. Despite the Covid pandemic been a difficult time for all, making everyone take stock of their priorities, and many sectors questioning the relevance of Culture and Sports, Fiona saw the arts and sport as a pivot for society, keeping hopes alive and ensuring many communities remembered who they were as a people.

She works tirelessly to ensure that culture and sports remain at the heart of our global community as well as encouraging all organizations she supports, to remain alive and active. Her dedication in overcoming obstacles has been inspirational and her drive to ensure positive outputs in all her projects is to be admired.

For decades she has been at the forefront of Dance Sport in Slovenia as well as Sports Director and Vice-President of the World's International Dance Organization. The latter she has certainly persevered to provide innovate and creative programmes that would benefit a large scale of individuals, groups, and associations. In the IDO, she leads on the World Gala Event, the Organizations annual calendar for World and Continental Championships, the IDO Continent versus Continent Online Championships, Erasmus+ projects with her co-worker Patrik Peroša, IDO's Education Department, amongst many other initiatives.

Fiona Johnson is a warrior with a big heart, and with the support of her team, always strives to ensure culture and sport continue to play a vital role in any community and any Organization. She leads on many projects, a workaholic by nature, but she certainly leads from the front and delivers on all she sets her mind too!

For her energy, initiative and impetus, and her enormous service in this field, I have no hesitation to nominate Fiona Johnson to be a member of the TAFISA's Board of Directors. She always ensures to keep culture and sport going at arm's length and always manages to bring hope and activity at a universal level.

Yours faithfully,

Prof.dr.sc. Velibor Srdic,
IDO Acting President
